

## Dräger RPS 3500 Rescue Pack System

The Dräger RPS 3500 Rescue Pack System is designed for use by rapid intervention teams, allowing fire fighters to supply air to trapped colleagues or members of the public in hazardous atmospheres.

The equipment is contained in an easy to carry, high visibility holdall, featuring a toughened skid plate layer on the underside, allowing the pack to be deployed on the roughest of surfaces, and a shoulder strap and carrying handles for portability.

The compact unit, weighing 6 kg, is supplied complete with Drägers Plus series pressure reducer fitted with whistle warning unit and contents gauge, a medium pressure hose with carbine for attachment to the wearer, and Y-piece fitted with low force coupling for quick and easy operation, even under pressure.

The hard wearing RPS 3500 system holdall is fully padded, protecting the cylinder from external stress. The long outer pocket on the upper part of the holdall can be quickly opened, allowing the quick removal of accessories such as PSS Rescue Hood, rescue blanket.

You can also order a facemask from the Draeger FPS 7000 or Panorama Nova series, as well as the Draeger Plus series of lung demand valves. RPS 3500 Rescue Pack System also allows for the use of Draegers PSS Rescue Hood for a more rapid deployment than mask and lung demand valve.

In addition to the RPS 3500, you can order a 6.8L or 9.0L / 300 bar carbon composite cylinder and valve assembly from Draegers extensive range of PED approved cylinder and valves, or use your existing approved cylinders.

Useful accessories such as Draeger PARAT C smoke hood, torch, wedges, rescue lines can also be stored in the holdall.

Dräger RPS 3500

## TECHNICAL DATA

<b>Overall size</b>	Length 750 mm,
	Width 170 mm,
	Height 290 mm
<b>Weight</b>	
Dräger RPS 3500 holdall	approx. 3.5 kg
with complete Dräger RPS 3500 pneumatics	approx. 6 kg
Total weight dependent on the individual equipment in the Dräger RPS 3500 holdall	

## ORDERING INFORMATION

<b>Dräger RPS 3500:</b>	<b>33 56 824</b>
Dräger RPS 3500, holdall	33 56 997
Dräger RPS 3500, Y-piece, with low force couplings	33 56 996
Dräger RPS 3500, medium pressure hose, with strain relief	33 56 998
Dräger RPS 3500, pneumatic components	33 56 823
<b>Additional system accessories:</b>	
Dräger PSS® Rescue Hood with strain relief for Dräger rescue pack system and Dräger compressed air breathing apparatus	33 54 982
6.8 L / 300 bar Carbon Composite cylinder	33 53 733
9.0 L / 300 bar Carbon Composite cylinder	33 53 734
<b>Full face masks:</b>	
Dräger FPS® 7000 RA-EPDM-M2-PC-CR	R 56 310
Dräger FPS® 7000 RA-EPDM-M2-PCaf-CR	R 56 305
Dräger FPS® 7000 ESA-EPDM-M2-PC-CR	R 56 307
Dräger FPS® 7000 PE-EPDM-M2-PC-CR	R 56 426
Dräger Panorama Nova RA PC	R 52 850
Dräger Panorama Nova RA PC/CC	R 54 219
Dräger Panorama Nova ESA	R 55 001
Dräger Panorama Nova silicone ESA	R 55 005
Dräger Panorama Nova PE PC	R 51 492
Dräger Panorama Nova PE PC/CC	R 54 217
Additional full face masks of the series Dräger FPS® 7000 and Dräger Panorama Nova on request	
<b>Lung demand valves:</b>	
DrägerMan Plus®- ESA - lung demand valve with overpressure plug-in connection in accordance with DIN 58600	33 51 302
DrägerMan Plus®- AE - lung demand valve with overpressure screw connection M 45 x 3	33 38 706
DrägerMan Plus®- N - lung demand valve with Rd 40 normal pressure round thread connection	33 50 501
DrägerMan Plus®- N - lung demand valve 1.75 m with normal pressure round thread connection Rd 40 and long medium pressure hose for rescue purposes	33 50 606
