

MINI BATTERY VOLTAGE DISPLAY

DISPLAY BATTERY VOLTAGE

Features

- Monitors battery voltage
- Designed for easy installation in vehicle switch panels
- 3-digit green LED display
- Reverse polarity protected
- Easy connection to 12V switched ignition

Specifications: Mini Battery Voltage Display

- Input Voltage:** 10 to 15 VDC
Input Current: 40mA, Max
Connector: 5-pin plug
Temperature Range: -40F to 120F
Cutout Size: 1.45" x 0.83"
Voltage Meter: +/- 1%
Warranty: 3 years
