

Vector

The transformable monitor 1000-4500 l/min

Transformable 4500l/min monitor with an anti-lifting safety device !

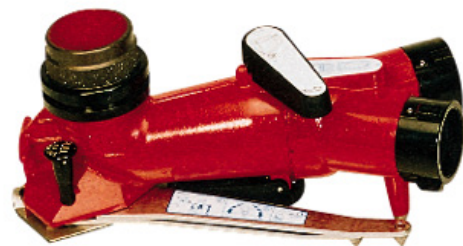

- The Vector monitor is a **portable monitor** which can be mounted on a vehicle. It consists of a ratchet turret and a base.
- The **Vector S** model also has an **anti-lifting safety valve**.
- **Light and compact**, the Vector can be taken anywhere and used everywhere.
- **Dimensions** (base folded away) : 50 x 23 x 23 cm
- **Weight** : turret 11 kg
base 8 kg

Vector S
with Mastermatic SP

Turret

Base

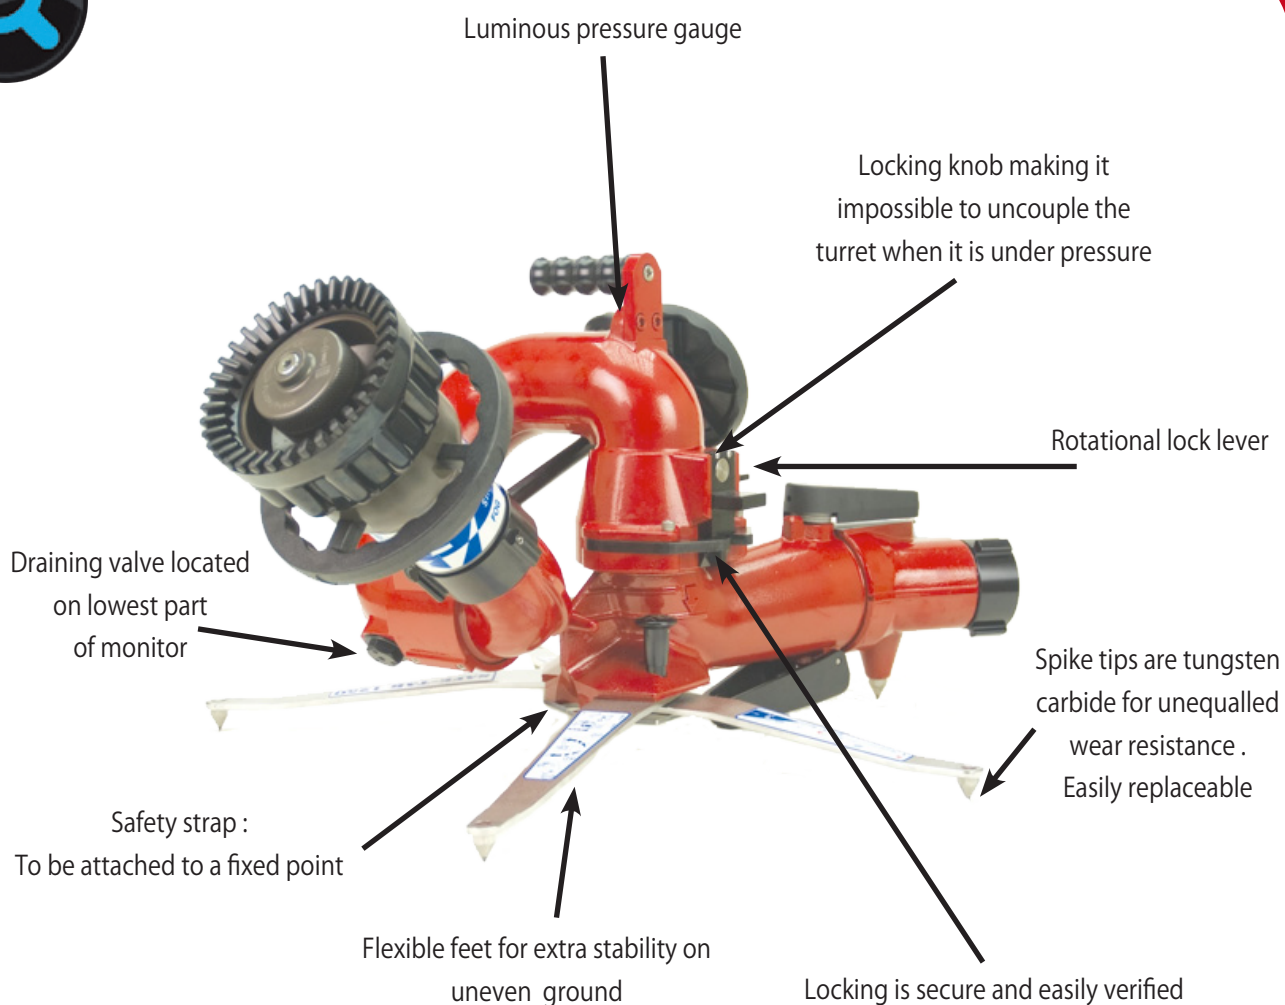

- The design includes a wide fluid passage section to minimise pressure drop.
- A very low centre of gravity together with flexible stainless steel feet with tungsten carbide tips give it excellent stability.

(reference for monitor sold without spray-head)

Should the monitor start to slide, the valve closes, cutting the flow area by 90% and dramatically reducing the reaction force.
