BREGA

High quality and dynamic design

BREGA

- Ergonomic and functional design for optimal freedom of movement
- Waterproof protective clothing by the use of high tech membranes and precise seam sealing

The ROSENBAUER turnout suit BREGA is certified to EN 469, and achieved the highest protection ratings in all three EN 469:2005 test categories: heat resistance, water repellence, and steam penetration resistance. The BREGA is also tested according to the tough Thermo-Man® (Flash over) test.

Construction of BREGA:

Triple-layer construction for maximum comfort: The breathable and waterproof vapor barrier is enclosed between the outer shell and thermal liner. Trousers and jacket provide excellent wearing comfort, and substantial protection to the vapor barrier against mechanical damage. Torn outer fabric can be repaired easily.

Outer fabric: 100% Aramid
Nomex® Tough
about 195 g/m²
Color: dark blue

Moisture protection (Liner):
Polyurethane-functional vapor barrier
membrane
water- and windproof, breathable

Lining: insulating layer of 100% aramid
nonwoven and a aramid/viscose quilting
about 270 g/m²
