

FLOATING BARREL STRAINER 4.0" STORZ

A06SP

\$770.00 List Price

FEATURES

A best value, high performance floating barrel strainer. Its flow efficient design permits high flows and the float is easily detachable for conversion to a simple barrel strainer. Use in open bodies of water or portable tanks. The system is lightweight yet ready for rugged use as it's constructed of high strength, corrosion proof polymers.

SPECIFICATIONS
