HURRICANE Series

HURRICANE MONITOR

XFI-PLNJ

3.0"NPTF INLET X 2.5"M OUTLET

$1925.00 List Price

FEATURES

The Task Force Tips' Hurricane is a durable, industrial, high-capacity fixed monitor. The Hurricane has high flow and low friction loss characteristics. The red powder coat finish (inside and out), and stainless steel elevation drive make the Hurricane one appliance that can stand up to tough service environments. The Hurricane is capable of flowing 1250 gpm (4750 l/min) while maintaining a FULL 360° rotational ability. The lever-action rotational lock is activated in one motion, visually confirmed, and securely holds the Hurricane in position. A built-in automatic drain protects the monitor from freezing. The placement of grease zerks allows the Hurricane monitor to be quickly and easily serviced and lubricated, and a threaded port 0.25" NPT (6mm) is provided for a pressure gauge. The Hurricane is made from hard anodized ANSI A356-T6 aluminum. The Hurricane industrial monitor comes with our exclusive 5-year warranty.

SPECIFICATIONS

Apparatus	Pumper
Certification	FM
Finish	American Red
Horizontal Control	Tiller Bar w/Lever Lock
Horizontal Movementdegrees	Continuous 360
Inlet	3.0"NPT Female
Max Flow	1,250 gpm (4,500 l/min)
Operation Energy Source	Manual
Oscillation	No
Outlet	2.5"NH Male
Remote Control	No
Valve Design	No Valve
Vertical Control	6" Handwheel
Vertical Movementdegrees	90 to 90
Weight	18.2

ABOUT THE HURRICANE SERIES

The HURRICANE is a durable, high capacity monitor capable of flowing up to 1250 gpm (4500 l/min) while maintaining a full 360°(manual) or 450° (RC) rotational ability. The red or silver powder coat finish (inside and out), and stainless steel elevation drive make the HURRICANE one appliance that can stand up to tough environments. It's available for industrial and apparatus applications in a manual or RC version with a wide range of controller, nozzle and EXTEND-A-GUN options.
