## 273 TFL

Working height	27.5 m
Working outreach	21.0 m
Transportation height	3.2 m
Transportation length	8.2 m
Total weight	17 t
Cage load	400 kg

## 323 TFL

Working height	32.0 m
Working outreach	21.0 m
Transportation height	3.2 m
Transportation length	9.2 m
Total weight	18 t
Cage load	400 kg

## 333 TFL

Working height	33.0 m
Working outreach	25.5 m
Transportation height	3.3 m
Transportation length	10.0 m
Total weight	22 t
Cage load	400 kg

## 383 TFL

Working height	38.0 m
Working outreach	22.0 m
Transportation height	3.3 m
Transportation length	11.2 m
Total weight	24 t
Cage load	400 kg

## 453 TFL

Working height	45.0 m
Working outreach	26.0 m
Transportation height	3.5 m
Transportation length	11.2 m
Total weight	32 t
Cage load	400 kg

## 553 TFL

Working height	55.0 m
Working outreach	23.0 m
Transportation height	3.8 m
Transportation length	12.0 m
Total weight	37 t
Cage load	450 kg

## TFL SERIES

The TFL series is a comprehensive range of aerial ladder platform models with various features.

## AERIAL LADDER PLATFORMS

Thanks to the large rescue cage, efficient working area and small transportation dimensions, this is a great choice for professional use.
