

> LES 12

Small and lightweight glass saw.

rescue.lukas.com/Rescue+products/Accessories/Glass+management/LES+12.html

Advantages

- + Ready to use at all times and independent of external energy sources
- + High power and cutting speed
- + Cutting stroke rate smoothly adjustable from 0 to 2,000 per min
- + Motor, gears, spindle and switch are protected from moisture and dust
- + The electronics have been specially designed for the high demands of rescue work
- + Low operating noise
- + Self-lubricating and maintenance-free
- + Quick release lock makes blade changes easy
- + Cutting depth is adjustable
- + Safety switch prevents unintended start-up

Recommended applications

- + To expose side impact protection for the use of hydraulic cutters
- + To cut through steering wheels
- + To cut through plastic bodywork and plastic parts
- + To remove obstructions made of metal or plastic
