

## > LES 18

Rescue saw for laminated glass, metal and wood.

[rescue.lukas.com/ Rescue +products/ Accessories/ Glass +management/ LES +18.html](https://rescue.lukas.com/Rescue+products/Accessories/Glass+management/LES+18.html)

### Advantages

- + Ready to use at all times and independent of external energy sources.
- + High power and cutting speed
- + Cutting stroke rate smoothly adjustable from 0 to 3,200 per min
- + Motor, gears, spindle and switch are protected from moisture and dust
- + The electronics have been specially designed for the high demands of rescue work
- + Low operating noise
- + Self- lubricating and maintenance- free
- + Quick release lock makes blade changes easy
- + Cutting depth is adjustable
- + Safety switch prevents unintended start- up

### Recommended applications

- + To expose side impact protection for the use of hydraulic cutters
- + To cut through steering wheels
- + To cut through plastic bodywork and plastic parts
- + To remove obstructions made of metal or plastic
