

S-595

The London Fogger has been designed with safety and reliability in mind. Every unit is equipped with the exclusive Auto Extract System (AES) that extracts fluid from the heating module after smoke production. The AES prevents residual build-up, clogging, and reduces incidental puffing.

Each unit comes complete with a remote control on a 50 foot extension cord to make that next training exercise go extra smooth. And with the AES, you are guaranteed that the first puff of smoke won't be the last.

The London Fogger can produce white smoke twice the white smoke in the same amount of time as the S-575 or S-585 due to the extra outlet.

Specs

HxWxD	10" x 20" x 9"
Weight	26 lbs
Requirements	230V AC
Run	1400 watts
Warm Up Time.....	10 minutes
Fluid Consumption.....	70 oz/hour
Smoke Production.....	3600 CFM

3842 Redman Dr
Fort Collins, CO 80524
