Thread:	KEVLAR
Light Attachment:	Heavy duty Velcro over Vibra-sorb® pad to secure flash light.

Sizes:

S, M, L, XL, XXL

Design & Construction:

Pre-curved form fitting glove body has wrist snuggler and is made of an “air-textured,” high-tenacity Cordura nylon. Schoeller-Keptec palm and finger reinforcements are at all the high wear stress points. Light attachment feature on back of glove at Knuckles. Glove offers 270° of shirred elastic circumferentially at wrist crease and elastic snuggler to repel debris.
