

SLANT SIDE

The Life Line Slant Side is an effective way to save fuel. This option is offered on every chassis we build, from 147" to 171" with the same level of customization available in every Life Line ambulance.

- ◆ Improved Vehicle handling
- ◆ Improved roll cage design of both walls and the roof
- ◆ Improved aerodynamics

- ◆ Life Line ambulances are designed by EMTs for EMTs. That means you find we pay uncommon attention to the details that make your life safer and easier.
- ◆ All Life Line vehicles feature uncompromising quality and craftsmanship.
- ◆ Our warranties and service are backed by the best dealer support network in the industry.
- ◆ Our goal is to minimize your down time and keep you in-service.

- ◆ 3" Thick Labyrinth Style Entry and Compartment Doors
- ◆ 2" Thick Interlocking, Double Aluminum Insulated Floor
- ◆ 2-Piece Extruded Aluminum 2x3 Lower Body Crash Rail
