

# Pavement Breaker Reels

Series PAV

New Product Announcement

## DESCRIPTION

Keep hose out of harm's way while on the job site with the new PAV series from Reelcraft. These industrious reels are designed to supply pavement breakers with up to 75' of 3/4" rubber air hose. The special braided hose is abrasion resistant and features a 3/4" universal air coupling for quick and easy disconnects. These reels feature a high level of corrosion resistance due to an individual component powder coating process that takes place prior to assembly.

## BENEFITS

- **Structural Strength** Heavy gauge steel stampings with re-enforced ribs give added strength.
- **Dependable** The latch mechanism is mounted on the base to eliminate latch-out at full extension and ensure the hose retracts every time.
- **Built for Pavement Breakers** Reels are outfitted with premium grade rubber hose and crimped universal coupler w/ safety clip, Ideal for running large air tools.
- **Versatile Mounting** Guide arm can be adjusted to several different locations.
- **Corrosion Resistance** Steel components are powder coated for maximum resistance to the elements.

## RELATED PRODUCTS

Reelcraft offers a complete line of over 2,500 hose, cord and cable reels. Other reels suitable for pavement breaking include our 9000 Series which holds up to 100' of 3/4" and our 30000 Series hand crank reel for even longer lengths of 3/4" hose.
