<b>Cutting Force (lbs.)</b>	110,000~300,000	
<b>Cutter Opening (in.)</b>	2.6~5.0	
<b>Max. Op Pressure (psi)</b>	>10000	

<b>Weight (lbs.)</b>	
<b>Additional info</b>	<p>Champion Rescue Tools RC-5-10 (Metric) is a guillotine cutter which has been used to safely extricate vehicle occupants in countless situations where other rescue tools failed. The absence of moving parts inside the vehicle during roof removal makes the extrication process much safer for vehicle occupants. The operation of the RC-5 is smooth and precise, with almost no resistance. This light-weight cutting tool is fast, efficient, and easy to operate.</p>
