

# Plymovent Corp. Magnetic Grabber vehicle exhaust removal device

## **Technical Specification**

<b>Make</b>	Plymovent Corp.
<b>Company</b>	<a href="#">Plymovent Corp.</a>
<b>Model code</b>	Magnetic Grabber

**Additional info**

The Magnetic Grabber is a patent pending vehicle exhaust removal device that - with its conical design, integrated magnets and centre self-alignment - provides a very quick, easy and controlled connection and disconnection to a vehicle exhaust system. This nozzle is used mainly in areas where vehicles move in enclosed spaces such as fire stations.
